Nokia N8 - Can It Match The iPhone?

Have you heard the phrase that a car loses a third of its value as soon as you pull it out of the lot? Well, this applies to cell phones too. With the almost depressing rate at which cell phones become outdated, it is more important than ever to purchase one that is at the front of the pack technologically and provides you with all of the functionality you seek. The [Nokia N8](#) may just cover all of your bases. This device packs all of the best features of a smartphone and is quite the entertainment powerhouse. Instantly garnering attention is its 12-megapixel camera designed by optical lens leaders at Carl Zeiss. Just some of the camera's impressive features include auto-orientation, geo-tagging, and intelligent autofocus. The phone already comes equipped with 16 GB of storage and can be expanded to 48 GB with a micro SD card. Video can be recorded in high definition at 720p and is HDMI supported. A secondary camera can be found that enables video calls. Not to be outdone by the Eseries and Cseries smartphones, the N8 is featured with all kinds of widgets that keep you connected to all of your favorite social networking sites such as Facebook, Myspace, Flickr, and Twitter. And yes, you can even find widgets that provide live updates from Twitter and Facebook right to one of three available home screens. Although there are plenty of gadgets on the Nokia N8, it's not all about fun with this dynamic phone. It stands apart from the crowd in functionality as well. The N8 is furnished with Bluetooth 3.0 and allows high speed connection to other devices with microUSB. 3G and WiFi make for high speed action that will satisfy even the busiest person. The Ovi Store contains plenty of downloadable applications including Ovi Maps loaded with features. Sweetening the deal, the maps are free for life. The Nokia N8 looks as good as it operates. It is shaped from a continuous piece of anodized aluminum and comes in five, outstanding colors. Any cell phone consumer can find what they are looking for. Entertainment, information, and functionality have never been presented better than with the Nokia N8. With the latest and greatest technology available to smartphones, it has something for everyone. Nokia has created a truly wonderful phone.
