Notable Features and Accessories for the T-Mobile G2X

Google has continued its line of success by designing a new T-Mobile phone. It comes with a few notes worthy features including a new age design. The T-Mobile G2X also comes into the market with supplemental accessories that provides more functionality for the phone. Consumers often look for the latest cell phone model that will help them use time more wisely. Exhibiting lightning fast speed, this phone is truly at the top tier of smart phones.

Its design is unlike any other with a two-tone metal and gray body that looks tech savvy. It also has a futuristic sliding mechanism that opens up to a lifted arc. Some of the features include 4GB of internal storage, 3.7 touch screen for easy maneuvering and 512 MB of RAM. The busy professionals on the go will find the handling to be much better even though the mass is on the heavy side. With this square shape, it looks a bit more stylish than other Android phones. Other features like the 5-megapixel camera, have a LED flash for better picture clarity. Pictures can also be stored and uploaded to computers with USB cables.

However, its most impressive feature is its battery. The 1300 mAh battery provides long lasting life, even with heavy Internet and phone use. It can handle long use of email, social networking, and telephone without using too much of the battery. Its battery can be charged once daily. The T-Mobile G2X has a diverse set of features for the busy professional. [T-Mobile G2X accessories](#) combines affordability and style to the forward thinking shopper. Functionality is also a very important feature that brings ease of use to cell phone. Accessories that make life easier and mover more efficiently boost the life of the phone's performance. It also saves money in the long term.

Accessories such as the car charger and dash mounts take the stress out of mobile communication. Customers can easily refuel their batteries while they're driving and they can also communicate as well. Other accessories that serve multi functions are the [T-Mobile G2X screen protector](#). It protects the phone from smudging and fingerprints caused by everyday use. Individuals seeking privacy would prefer a tinted screen protector. When held at an angle it prevents onlookers from seeing what is on your screen. Other screen savers prevent grease or oil from damaging the surface of the screen. It also protects against sunlight so glare is reduced dramatically. Screens can easily become damage from scratching,

A [T-Mobile G2X case](#) offers protection, convenience and added style. Individuals looking for a sleek or stylish case will be happy with the cowhide leather styling. It resembles a leather bookcase and has an opening for its camera. Its button closure keeps the phone securely in place. It prevents damage to the surface as well as to the body of the G2X. The case also comes with a clear keypad screen to stop dust and debris from entering the keypad. It can also fit nicely on a belt clip. G2X cases have an included removable 360-degree belt clip for added convenience.

Other accessories include a micro SD memory cards. Memory cards provide customers with more storage space to store multimedia files. With 16GB of space it also stores movies and videos with little problem. Bluetooth car kits or car speakers provide hands free communication. No more worrying about talking on the phone while driving. Accessories enhance the users cell phone experience by making its features more accessible. They are also great at preventing damage to the G2X from common, daily or heavy usage. Scratches, smudges, dirt and debris often build up on the surface of the cell phone. However, with the right accessories the phone will have longer life.
