This is a review from a customer that bought VIZIO XVT473SV:

By. B. Doctor

Read all the reviews you can, this is actually the best tv going at the moment, at any price. We couldnt be happier, neither compose a better review compared to what has already been written. This is actually the one to get - check avforums, cnet, you name it - they all say the same thing, no matter the price point, you cant do much better, if any better.
