# Wahl Trimmer Reviews

Since its founding in 1911, **Wahl** Clipper Corporation has produced many wonderful products to the world of hair cutting. Wahl's first product, the electromagnetic clipper, is patented and made the company well-known in its time and was followed by great tools like the vacuum clipper, the first rotary motor clipper, and the first battery operated clipper.

Today Wahl is a very large company and their products are sold in over 150+ different countries around the world. Employing more than 2,000 staff worldwide under the brands Wahl, Moser, Lister and more recently Groom Ease. Wahl is one of the most well-known brands of men's trimmers including trimmers for mustaches, beards, goatees, body, and ear / nose & brow. If you look in the [Beard Trimmer Reviews](#), you'll find that some said that Wahl Beard Trimmer is the Best Beard Trimmer currently available on the market. Go to <http://wahlbeardtrimmer.com> if you want to search for [Best Beard Trimmer](#). Today, these practical products are in such high demand for men and women simply because it's faster, safer, and much more cheaper in the long run than using razors.

Wahl is known for their high end quality Clippers, and used by many hair care professionals and barbers. You'll find that the various clippers they are offering in the market are all durable and reliable. Wahl are definitely not a new comer in the world of grooming since they have been in the world of grooming for almost a hundred years.

One of many reasons why Wahl Brand can stay in business for a very long time is because their products are always innovative and durable. These days, you have to come up with something unique so that customer will want to try your products, especially with so many different variation of products and brands on the market. And Wahl Trimmer has been doing that since it founded.

I recommend three trimmer models among its line of outstanding trimmer products. The Model #9854-500 or The "All-In-One" Rechargeable Pro Groomer, Model #9855-400 or The 16-piece "All-In-One" Rechargeable Trimmer, Model #9685 or The 14-piece "All-In-One" Rechargeable Trimmer. These All-In-One trimmers are rechargeable and can give you anything you need, from detailing, outlining, grooming routine, shaving and trimming. Each of the models is a total package in itself and comes with a charger, trimmer head, three standard trimmer guides, cleansing brush, comb, and blade oil. You don't need to purchase individual items anymore because these All-In-One trimmers/clippers has got it all prepared for you.

The trimmers I recommend are:

### **The "All-In-One" Rechargeable Pro Groomer**

The "All-In-One" Rechargeable Pro Groomer is easy to cleanup after all of your grooming routine. The hand-grip is silicone rubber so it's comfortable to hold. It also included with a dual shaver head, T-blade, six-position guide, functional storage/charge base, and six-position guide.

### **The 16-piece "All-In-One" Rechargeable Trimmer**

This 16-piece "All-In-One" model is included with a detachable blade, prostyle detailer and a dual shaver for any of grooming needs. It also comes with a storage base so it's easy to storage and organization after use. The ergonomic design in this model also allows you to groom your facial hairs with ease and comfort.

### **The 14-piece "All-In-One" Rechargeable Trimmer**

This 14-piece "All-In-One" rechargeable beard groomer is for you if you're are want a sleek beard grooming tool. It also got a reciprocating detail head, brow guide, and 5 position guide, excellent for those who want optimal detailing works.
